

Household hazardous waste (HHW) collections protect our local drinking water. Most chemicals are too toxic to throw away in regular trash or dump down the drain, so collections for residents are being held to take that waste off your hands and keep it out of our water supply.

We define Residents as people who own a home, own a second home, are tenants, or landlords in the town. Proof of residency includes one of the following: Drivers License with in-town address or tax bill.

Not a Resident? You can still participate. Call Anthony Gerace at #508 -375-6699 to get a quote and appointment.

BRING THESE ITEMS TO YOUR 2026 COLLECTION

For items not listed here visit your town's website for disposal instruction.

Are you a small business and do you use chemicals? To make your state required disposal arrangements and obtain pricing, contact Anthony Gerace, HazMat Environmental Specialist, at #508-375-6699.

It is important to keep mercury out of our water supply. To dispose of household mercury products, bring items to your local HHW collection. If you come across large amounts in your home contact Anthony at #508-375-6699.

Thermometers, Thermostats, Barometers

Large amounts in jugs or bottles.

Bring to your local Universal Waste Shed, town recycle center, or HHW Collection.

Call Anthony at #508 -375-6699 for FREE pick-up.

Safer Choice helps consumers find products that perform and contain ingredients that are safer for human health and the environment.
